Long-Blooming Perennials

Botanical Name	Common Name	Bloom Time
Achillea	Yarrow	June, July, August
Alcea	Hollyhock	June, July
Alchemilla	Lady's Mantle	June, July
Alyssum	Alyssum	May, June
Anemone	Anemone all species	May, June spring species Aug, Sept Fall species
Arabis	Rockcress	May, June
Armeria maritima	Thrift	June, July, August
Aruncus	Goatsbeard	July, August
Asclepias tuberosa	Butterfly Flower	July, August
Aster	Aster all species	May, June spring species Aug, Sept Fall species
Astilbe	Astilbe	June, July, August
Aubretia	Rockcress	May, June
Baptisia	False Indigo	June, July
Campanula	Campanula all species	June, July, August, September
Centaurea montana	Mountain Bluet	June, July
Chelone	Turtlehead	July, August
Chrysanthemum	Mums all species	August, September
Coreopsis	Coreopsis all species	June, July, August
Delphinium	Delphinium	June, July
Dianthus	Dianthus all species	May, June, July
Dicentra	Bleeding Hearts all species	May, June common species June, July, August Fernleaf species
Digitalis	Foxglove	June, July
Echinacea	Coneflower	July, August, September
Echinops	Globe Thistle	July, August
Erigeron	Sea Holly	July, August
Eupatorium maculatum	Joe Pye Weed	August, September
Euphorbia	Spurge all species	May, June
Fragaria	False Strawberry	June, July
Gaillardia	Blanketflower	July, August, September
Geranium	Cranesbill all species	June, July, August, September
Gypsophila paniculata	Baby's Breath	July, August
Helenium	Sneezeweed	August, September
Helianthemum	Rock Rose	July
Heliopsis	False Sunflower	August, September

Botanical Name	Common Name	Bloom Time
Hemerocallis	Daylily	June, July
Heuchera	Coral Bells	June, July
Leucanthemum	Daisy	July, August
Liatris	Blazing Star	August, September
Ligularia	Ragwort	July, August
Lobelia cardinalis	Cardinal Flower	July
Lychnis	Campion	July, August
Monarda	Bee Balm	July, August
Oenothera	Evening Primrose	July, August, September
Papaver	Poppy all species	May, June, July
Penstemon	Penstemon	June, July
Perovskia	Russian Sage	July, August, September
Physostegia	Obedient Plant	August, September
Potentilla	Cinquefoil	June, July
Pulmonaria	Lungwort	May, June
Rudbeckia	Black Eye Susan	August, September
Salvia	Meadow Sage all species	July, August, September
Scabiosa	Pincushion Flower	July, August
Sedum	Sedum all species	May, June, July early species August, September late species
Solidago	Goldenrod	August, September
Tiarella	Foamflower	June, July
Tradescantia	Spiderwort	July, August
Tricyrtis	Toadlily	July, August
Veronica	Veronica all species	June, July
Viola	Viola	May, June

Most perennials require deadheading (the removal of spent flowers) or even a more drastic cutting back to continue blooming or to bloom a second time. Cutting flowers for indoor display may also encourage plants to set more flowers. Perennials perform much better with some care and tending to extend their season of bloom. Extreme heat or dry conditions may reduce overall flowering until the weather cools or moisture returns.
