

Non-Toxic Houseplants

One of the biggest questions we hear from people is, what plants are safe for my pets? Or what plants are safe for my children to be around? As indoor plants become more and more a part of home and office lifestyles, it's great to know that beginner and advanced plant lovers, alike are interested to introduce plants to their environments in a responsible way. To help, we've put together this list of houseplants that are non-toxic for furry and human families.
